HR LEAD · IG STRATEGIC SYSTEMS PVT LTD (IG DEFENCE)

People. Systems. Purpose.

PROFILE

An HR leader who grew up in operations. Six years from statutory records and payroll to leading HR at a defence technology company, now also carrying Project Delivery and a new MRO vertical. Trained first for the UPSC civil services, so people, policy and compliance are read as one system. Known for taking on what the organisation needs, even when it isn't in the job description, and for working through teams rather than around them. More often than not, the one supporting someone else.

CURRENT ROLE

IG Defence — a year of growth

IG Strategic Systems Pvt Ltd (formerly IG Drones) · Jan 2026 – Present

01 **HR Associate-II** — *Clearing the backlog*
JAN 2026

- Took charge of compliance soon after joining and, with the team, closed every outstanding PF, ESIC and NOC matter
- Moved on to HR operations for the factory

02 **HR Associate-III** — *Running the factory's people and premises*
APR 2026 · FIRST PROMOTION

- All HR operations and recruitment
- Factory administration, security and movement protocols, and facility management
- Cafeteria, meals, snacks and pantry planning
- Arrangements for every visit, from high-profile delegations to routine ones

03 **HR Lead** — *End to end, factory and corporate*
JUN 2026

- Corporate side added: now responsible for end-to-end HR and operations management
- Leads a 12-member team reporting directly, each with their own execution teams
- Single point of contact for a wide network of service-provider vendors
- Works closely with the audit and legal teams

04 **+ Project Delivery, now with MRO** — *Building what comes next*
AUG 2026 · ADDITIONAL CHARGE

- Given the Project Delivery portfolio after stepping in on production (see Beyond the Brief)
- Works with Business Development on demos, TEC, trials, on-site delivery, ATP and client training
- Portfolio expanded to MRO (Maintenance, Repair & Operations): now setting up an MRO vertical within PD, planned to grow into a separate, recurring source of revenue

HOW I WORK

"Nothing here was done alone. Most of the time, I'm the one supporting someone else."

BEYOND THE BRIEF

Stepping in where the organisation needed it

On the way to HR Lead, an important production task came up that wasn't part of the role. Stepping in on it, and then contributing to the setup of the Production & Manufacturing department, led to a different model: rather than hiring highly paid engineers for basic assembly, a blue-collar workforce, many with little formal technical education, was trained for assembly, while engineers focused on testing and quality control.

After a few weeks of adjustment, the training became a repeatable system. Production costs fell sharply with no loss in quality, and that workforce now builds advanced drones. This is what led to the Project Delivery portfolio and the MRO vertical now being built.

Part of a team effort throughout: always with support, and often supporting others.

FOUNDATIONS

The civil services years

2014 – 2018 · BA · MA Rural Development · Serious UPSC aspirant

The plan was never HR at first. It was the UPSC civil services, pursued as a serious aspirant through long hours of polity, governance, economics and public administration. The exam path gave way to HR, but the preparation stayed: a discipline for structured effort, a habit of seeing people, policy and systems as one, and a public-service instinct to see the person behind every process.

WHAT CONNECTS IT ALL

People first
Grievances heard and policies written with the person in view, not just the process.

Discipline
100% statutory documentation accuracy and audit-ready records, every role.

Scale
From one site to 600+ people to a combined HR, delivery and MRO portfolio.

Curiosity
HRMS rollouts, Lean Six Sigma thinking and automation wherever HR can run smarter.
